

We are trying a new fundraiser this year, Discount cards. These will be plastic cards with over 100 dollars in savings and we are selling them for \$25. We are using a digital software to help with sales. You will just need to enter email or cell number of the people you want to ask to support McT Football and your player and the system will contact them. Users do have the option to opt out of communication from the software.

Please Help your player by putting 25 or more names and either email or cell below. We will use this same software for lift a thon.
