

## **New Player Parents Only Frequently Asked Questions**

### **What does it cost to play?**

We don't charge a fee to play or a booster fee. However, we do expect players and parents to participate in all fundraisers. Sell 3 tickets to the Draw Down, raise \$250 at King of the Summer (formerly called Lift A Thon), sell one personal and one business ad (if you don't want personal ad you can sell 2 business ads), and sell 2 Boston butts, and sell 15 discount cards. The school does charge a \$150 fee per sport to each player.

**What equipment does my child need?** We will provide all equipment.

**Where are practices held?** Workouts and practices are typically at the high school and sometimes practice at the LIP. Most workouts will be in the weight room located in the Fieldhouse. Practices will be on the front field or back practice field when at McT.

We are renovating the Field House at McT. We expect to only be out of the Field House the month of June. We will have to relocate workouts to AMP Performance, located at 65 Sidney Phillips Dr off Old Shell Road it is behind Sidney Phillips Elementary School. When workouts end we will go to the LIP for practice. Once the renovation is completed, we expect to have a wonderful much better functioning field house.

**Can I watch practice?** Yes, you are more than welcome to watch all practices. I do ask that you stay off the practice field and out of the way while practice is going on.

**What nights are the games?** Almost all games will be on Monday nights, usually beginning at 5pm for Freshmen, 6:30pm for JV. Varsity play at 7pm on Friday, unless schedule says otherwise sometimes we play on Thursday.

**Is there a football weight training class?** Yes, I would like for Freshmen to take the weight training class/Football PE both in Fall and Spring if possible. If they have to choose, I prefer the Spring semester because they will gain more from weight training during this time. Upperclassmen need to be in PE both semesters.

**Can my son play football and play another sport?** Yes. I encourage them to play other sports. The only stipulation is that I want them to continue to be in our strength and conditioning program year round.

### **How can I keep up with information concerning upcoming events, announcements, etc.:**
